

SYSTEMS IN BUILDING
QUARTER GROUP PROJECT

NEW ARCHITECTURAL/ENGINEERING TECHNOLOGY SYSTEM – REPORT
Teams of two

Find one new building material system that has been introduced in the last two years with the following stipulations:

1. Will be used in the field in the next five years.
2. Will require cad detailing in plans.
3. Write a brief (two full pages) Microsoft word report on what makes this material different/superior to previous technology or materials (grammar, punctuation, no cut/copy/paste plagiarism and system sequencing count).
4. Go to the manufacturer's web site and find CAD detail files.
5. Create a three slide power point using the following criteria:
 - A. One slide with material.
 - B. One slide application in field with process of system application.
 - C. One slide showing cad files and the web site address.
 - D. send it to me at ssimmons@northseattle.edu
