

Match each of the definitions (1 - 15) with the appropriate term to which they apply (A - O)

- 1** The structured transmission of data between organizations by electronic means.
- 2** A report showing the accounts receivable (the amounts owed to the company by its customers), and also including the length of time the amounts have been outstanding.
- 3** An order or part of an order waiting to be filled.
- 4** A microchip combined with an antenna in a compact package, attached to an object to be tracked.
- 5** Document provided to shipping indicating what items, what quantities to prepare and ship to the customer to satisfy the orders.
- 6** A shipping document that accompanies delivery packages, usually inside an attached shipping pouch or inside the package itself.
- 7** A legal document between the shipper of a particular good and the carrier detailing the type, quantity and destination of the good being carried.
- 8** A bill issued by one who has provided products and/or services to a customer.
- 9** A document that describes payments that are being made.
- 10** Form or document used by a seller to notify the buyer of merchandise that the buyer's accounts payable is being credited (decreased) due to errors or other factors requiring adjustments.
- 11** A system of transferring money from one bank account directly to another without any paper money changing hands.
- 12** An invoice method whereby customers typically pay according to each invoice.
- 13** A method of billing customers at monthly intervals in which statements are prepared.
- 14** A method of billing customers in which customers pay according to the amount showing on their monthly statement and payments are simply applied against the total account balance.
- 15** A periodic summary of account activity with a beginning date and an ending date.
