- Safety for disabled students.
- Attacks near Northgate.
- School alarm.

III. Items of interest to the Student Cabinet and/or SAC:

Injury:

- A student missed a step and fell down the stair. He injured himself and asked for insurance
- A lady was walking and her heel fell into the crack and she fell. Re-pain the parking lot.
- Female student rode a bike and fell and injured herself. Called her cousin and took her home.

Disabled students:

- The school wants to track the position of the disabled students so that when something happens to them, the school can help them.

Student involvement:

- Check the alarm speaker. The sound was not clear in the Library and the Childcare center.
- The security office is getting a new call box in the North East parking lot.

Northgate transit center:

- An international student was beaten up and robbed near the Northgate transit center between noon and 9pm.
- We are figuring out a way to contact the students when there are accidents or robbery. The committee also wondering whether they should send out the description of the attackers to the students when there are attack.
