

All Student Leadership Meeting Minutes

Friday, December 4th, 2015

3:30-5:45pm

- **3:30** The meeting and potluck began
- **3:45** Sarah called the business portion of the meeting to order. She thanked everyone for being present and asked the new student leaders (Casey, Quency, Kathleen, Uyen, Jessica, and Sara) to briefly introduce themselves to the group. The rest of the student leaders gave their names and which boards they serve on.
- **4:00** The Fee Board led a short getting to know you ice breaker
- **4:20** The Fee Board led a presentation on what UTF Fees/Requests are and how they are used
 - Students are charged \$3.00 per credit for up to 10 credits
 - This fee is put in to the Universal Technology Fee (UTF) Fund
 - Each year, staff and faculty (or students with staff/faculty support), may appeal to the Fee Board to request that UTF fees be put toward specific items
 - Those items include things that are technology based such as :
 - Computers
 - Printers (but no ink or paper)
 - An Omniglobe (which was secured this last year)
 - Essentially, anything bought with UTF funds must be for student use and may not be consumables (i.e. printer paper/ink)
- **4:40** Connor handed out the mock-up of the new flyers for Student Leadership and let everyone know to contact him for any feedback
- **4:50** Sarah asked everyone if sending out a weekly e-mail with key dates and time for Student Leadership and related events would be helpful to having better overall attendance by Student Leaders. They answered that yes, that would work well. Sarah also asked who would be reapplying for Student Leadership next year, two students raised their hands.
- **4:55** Marlon gave a brief presentation about North's Strategic Plan. This included what it is, what the college is doing presently in terms of changing it for next year, and how Student Leadership might be able to help with that process. The Cabinet will have a speaker come to the next All SL Meeting in Winter Quarter to discuss more deeply.
- **5:00** Sarah led a diversity ice-breaker
- **5:35** Sarah spoke about the Aurora Bridge Bus accident, and encouraged Student Leaders to sign cards for those who are still in recovery. She will try and organize a group to go and visit some of those students (who want to be visited) for over the break. Pam and Julius took over to discuss how to implement self-care and to let everyone know that the office will be open over break if anyone needs to come in to talk or have someone to hang out with.
- **5:45** the ugly sweater contest!
- **6:00** meeting adjourned
