

1. Inggrit Indayang
Gender and Women's Studies Committee
October 13th, 2014, 3pm - 4:30pm
2. Discussion Items:
 - a. Upcoming Event
 - b. New Brochure
 - c. Other issues
3. Items of Interest to the Student Cabinet and/ or SAC
 - a. There will be Feminist Alliance Hosted Readings next two Wednesdays, Transgender Panel on October 24th, and Transgender Remembrance Day on November 20th. Thus, this, as a SL, I feel that we need to help them to promote their activity. Hence, we can suggest to communication board to promote this program.
 - b. There will be a new brochure for GWS. The brochure will show the purpose of GWSA. We can contact ALA board to contact the GWS committee in case they need help in designing the new brochure.
 - c. The Women's Center Manager Chilan Ta discussing the recent development that this position has been reduced from full time to 80% this quarter because Chilan is also teaching a 2 credit Engineering class on Thursday afternoons from 2:15-4:15 pm. There were a number of questions and some concern on behalf of those who were at the meeting about how and why this decision was made. It

only affects the current quarter, but raises some questions for the future. The committee asked that a letter be drafted and sent to the Human Resources Administrator asking to see—or have access to—the **statute that prevents a professional exempt employee (which Chilan as Women's Center Manager is)** from also teaching as a part time faculty member. We are unclear whether this is true only for day time courses. Concerns as well as questions were raised in The meeting about how this decision affects the Women's Center and the manager's position. They have Cc this letter to Director of Diversity and Retention and Chilan's direct supervisor Wade Parrott as well as Vice President of Instruction Mary Ellen O'Keefe. I still waiting of the next confirmation about this issue from the committee.
